

LOCKDOWN

*To keep us safe we
Must social distance
Never mind your grannie
Offer no resistance*

*Wash your hands and
Wipe your feet
And don't forget
The toilet seat*

*Two metres is
The distance
Any closer and
danger looms*

*Follow scientists
To the letter
To keep us safe
One assumes*

*Good to know we're
In "safe" hands
Daily briefings built
On shifting sands*

*Everyday our leaders
Show the way
Don't do as I do
Just do what I say*

*If you think
Your eye sights poor
Just hop in your car
To be completely sure*

*Drive as far as
You can see
And pray to God
You can see that tree*

LOCKDOWN

*Masks are now
The current fashion
'Problem is
There all on ration*

*Homemade efforts
Abound so gaily
Would be bandits
Shopping daily*

*Test and trace
We'll play our part
'Trouble is
Where do
we start*

*The shackles finally
Thrown away
Heroic efforts
Have saved the day*
