

Spanish Beginners' 2023

Following on from the success of the short Spanish course in the autumn a number of people have expressed an interest in continuing with a Spanish Beginners' Group.

The group would be for anyone new to Spanish so no previous knowledge of the language is needed as we'll go right from the start so it's a wonderful opportunity to join this new group starting in spring 2023.

Likely dates will be Mondays. Sessions will be fortnightly (2nd and 4th of each month) at 1.30pm.

The plan will be for this group to meet up in the New Year in early February to decide the best way forward.
