

Discover the World of AI (Artificial Intelligence)

Launching in 2024

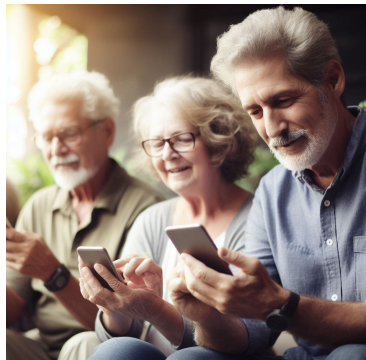

Would you like to join a group of AI users to find out more about this fascinating subject?

Key Highlights might include

- What is AI?
- AI ethics and special projects
- Hands-on projects
- Guest speakers

Plans are at an early stage for 2024 and a meeting schedule has not yet been fully worked out, but it could include monthly meetings in various locations dependent on numbers and session formats.
